BREACH OF PROMISE

LOU HOLT BRINGS SUIT AGAINST A SEDALIA WOMAN.

ASKS \$25,000 DAMAGES

Petition Alleges That They Were Engaged to Be Married and That Mrs. Planck Married Another.

Louallen Holt, a well known merchant of this city, filed suit Thursday in the circuit court at Sedalia, Mo., against Mrs. Charlotte Casto, a wealthy woman of Sedalia, in which he demands \$25,000 damages for alleged breach of promise of marriage.

Holt is a widower, 55 years old, and the defendant until recently was a widow. Her husband, the late J. M. Planck, was a prosperous merchant of Sedalia, and it is alleged that she inherited from him property worth more than \$100,000. In the petition filed Thursday by B. Raleigh Martin of St. Joseph and Wesley A. Blagg of Maryville, it is alleged that Holt and the then Mrs. Planck, became engaged January 10, 1909, and that, last January, she made it impossible to redeem her promise by marrying another man—one Dr. Jabez C. Casto, a physician of Sedalia.

"Plaintiff further states that during the period of his courtship with defendant, as aforesaid," reads the petition, "and in the belief that the defendant was to become his wife, he expended large sums of money in entertaining her, gave and presented her with various presents and divers sums of money, which were duly received and accepted by defendant. Plaintiff further states that defendant's violation of her contract of marriage as aforesaid was wholly without legal justification or excuse."

It is alleged that among the gifts was a \$3,000 diamond ring.

The story of their alleged love and courtship is highly romantic. Holt and the late J. M. Planck were in the same line of business, one in Maryville, the other in Sedalia, and they belonged to a mercantile organization which held annual meetings in Kansas City. After Planck's death Mrs. Planck carried on her husband's business. She attended the Kansas City meetings, and it was at one of these, as the story goes, that she met Holt. A mutual friend introduced them. Thereafter, it is alleged, Holt made frequent trips to Sedalia to call on the charming widow. They corresponded freely, and for a while it is alleged Mrs. Planck received from Holt as many as three letters a day. The attorneys say these letters and the answers to them will be made exhibits in the case.

Dr. and Mrs. Casto are now said to be in San Antonio, Texas, and it is understood that they will make their future home. She retains her property interests in Sedalia, however, and, to secure his claim, Holt has attached her entire holding there.

Holt has five children, and the oldest son is in the United States naval academy at Annapolis. The senior Holt has a handsome home in Maryville, and is in comfortable circumstances himself.

Casto, the bridegroom, is described as a striking figure of a man, and a native dresser. He practiced for many years in Sedalia as a specialist.

GRANTED POOL LICENSE.

Council Issued One to Switzer & Davidson for Their Smoke Shop.

The city council, in special session Thursday evening, granted a license to run two pool tables to Switzer & Davidson in their smoke shop on South Main street. The tables will be put in the middle of the smoke shop.

The council also ordered that a cement sidewalk be put in on South Depot street.

TO MOVE TO KANSAS CITY.

Dan H. Holmes and Family to That City About January 1.

Dan H. Holmes and his family of this city will go to Kansas City the first of January to make their home. Mr. Holmes has been representing Sprague, Warner & Co. in Central Missouri since the first of February last, and has evidently made good, as he was called to Chicago by the company a few days ago and given additional territory in which to work, carrying with it a corresponding increase in salary.

Mr. Holmes will spend two weeks of each month working in Kansas City, one week in Eastern Kansas, with Leavenworth, Atchison, Fort Scott, Topeka and other important towns in his territory, and the fourth week in the territory east of Kansas City that he has had for nearly the past year, taking in the towns of Mexico, Fulton, Jefferson City and other good business places in that section.

Mr. Holmes retired from the grocery business in this city the first of January last, in which he had been engaged for several years with his father, G. B. Holmes, now with the North American Life Insurance company. He is an expert young grocer, as his work with Sprague, Warner & Co. is proving.

HOPKINS PULLS DOWN A PRIZE.

Had Twenty-Two Cars in Automobile Parade at Braddyville, Ia., on Thursday.

Hopkins was well represented at the corn carnival in Braddyville, Ia., on Thursday and won a prize of \$25 for the town represented by the most automobiles. There were twenty-two cars from Hopkins that left that town Thursday afternoon at 1 o'clock under the supervision of W. L. Morehead, editor of the Hopkins Journal. On reaching Braddyville they took part in the automobile parade, there being from seventy-five to one hundred cars in the line of march. Elmo had eight cars in the parade, Clearmont had 2 and Burlington Junction had a number.

Among the Hopkins people who went to Braddyville to take part in the parade were: E. C. Wolfers, Sr., J. B. Monroe, Misses Ethel Elmer and Frances Lindsay, Howard and Floyd Swain, Misses Gertrude Downing and Bertha Davidson, Walter Morehouse, Dr. and Mrs. S. E. Large, Edward Jackson, Miss Alma Steck, Felix Brown, Mrs. Dr. Cossins, Miss Friend, Mr. and Mrs. Sam Robbins, Mrs. Kate Miller, Mr. and Mrs. H. H. McMaster, Jerome and Russell McMaster.

INJURED BY AN AUTO.

Accident Occurred Within a Mile of Spot Where Woman Was Killed Tuesday.

Less than a mile from where Mrs. J. A. Tipton of Albany was killed Tuesday evening, Frank Hibbs, a young farmer living ten miles southeast of Guilford, met with serious injuries in an automobile accident on Wednesday morning. Hibbs was leading some young horses and mules behind his buggy when some young horses he had took fright at an approaching automobile driven by Mr. Peery, a neighbor of Mr. Hibbs. Hibbs was trapped by the horses and mules and thrown from the buggy. His injuries are considered critical.

Hibbs was taken to the home of Sam Combest by Mr. Peery and later was taken to his own home. He received a number of bruises and also a sprained ankle.

Visited Friends Here.

Miss Ada McKee left for her home in Clyde, Kan., Friday morning after a two weeks' visit with many of her old schoolmates and friends here, her former home. Miss McKee is a daughter of the late Scott McKee, whose death occurred two years ago as the result of injuries he received when the Ringling circus tent blew down in a storm in September, 1906.

Suits for \$900.

Suit was filed by Attorney Ellis G. Cook Thursday for Michael McDonnell vs. J. F. Roelofson. The petition alleges that Roelofson was clerk at a sale of McDonnell in 1908, and that \$900 was received by Roelofson from that sale that he has failed and neglected to pay over to McDonnell.

Visiting Here From Colorado.

Fremont Longley of Colorado Springs, Colo., arrived in the city Friday morning from Illinois for a few days' visit here with old friends. Mrs. Longley is with him on this trip, but she got off at Bedford, Ia., for a visit with her sister, Mr. and Mrs. Longley are former residents of this city.

Went to Detroit, Mich.

George Robb Ellison and E. E. Williams left St. Louis Thursday for Detroit, Mich., on business.

Visiting His Sister.

James N. Miller of Buena Vista, Ill., is the guest of his sister, Mrs. G. Matter, and family.

WAS ARRESTED HERE

COUPLE FROM TARKIO ELOPED TO MARYVILLE.

WITH A HANDSOMER MAN

Mrs. T. J. Finton left Husband to Go With E. B. Still, Who Wasn't Still Enough—They Were Caught.

When Mrs. T. J. Finton and E. B. Still, both of Tarkio, reached Maryville Thursday evening they were taken in charge by Deputy Sheriffs Tilson and Yeaman and put in the county jail as being an eloping couple, word being received from Tarkio to hold them. They had tickets on the Wabash to Stanberry, and told the officers they were going to Monmouth, Ill., and Milwaukee, Wis.

Still is a former resident of Maryville and is about 40 years old. He is divorced from his first wife, and since that time, it is reported, had some trouble in St. Joseph. For the past several months he has been at Tarkio working in the Thompson livery barn, and in that town he met Mrs. Finton, who is 28 years old. They decided the first of the week to elope, and left Tarkio Thursday morning. But Mrs. Finton is married and her husband is still living in Tarkio, and when his wife disappeared Thursday he got trace of them and sent word to Maryville to have them taken off the train here and held, which the officers did. Friday noon Deputy Constable Crouts of Tarkio arrived in an automobile and took Mrs. Finton back to Tarkio with him after a night spent in the county jail.

Still spent the night also in jail, but will be released later today, as there is no charge against him.

Mrs. Finton, it is understood, has caused a great deal of trouble, and her husband shot one man for paying too much attention to her.

WAS FINED \$2 AND COSTS.

For Securing Money Under False Pretenses—Edgar McGoon Was the Young Man.

Edgar McGoon was arrested Thursday on a charge of securing money under false pretenses last week in Maryville at the Akne saloon. McGoon is about 17 years old and he had two checks cashed on the Maitland bank for \$2 each, and there being no money in that bank, the checks came back. This was the first time he has ever been in trouble, so on Friday before Justice of the Peace Morris he pleaded guilty and was fined \$2 and costs. William Wardlow, about 35 years old, was also arrested for securing money under false pretenses with McGoon. He had four checks cashed at Kane's saloon last week, amounting to \$12.50 in all. These checks were also on the Maitland bank, and there was no money of his on deposit there. Wardlow will come up before Judge Morris on Saturday.

Both Wardlow and McGoon were arrested several miles south of town, where they had secured work with the Sam Hookman threshing machine crew.

OPENING UP STORM AVENUE.

They Are Now Grading the New Road, Which Will Be Formally Opened Soon.

Graders are busy at work grading the new road, Storm avenue, from Prather avenue to the Normal grounds. The road will extend over the Wabash track and that railway company has agreed to build a bridge over the track. As soon as the Wabash will do this work, then the new road will be opened for traffic. It has taken some time to get this road started.

ROWLETT BEEVES AT \$9.45.

Nodaway County Feeder Takes Down \$3.296 for Twenty-Seven Head. William Rowlett, one of the veteran feeders of Nodaway county, had a shipment of twenty-seven steers on the South St. Joseph market, for which he received \$3,296.16. These cattle averaged 1,292 pounds and sold at \$9.45.—Live Stock Journal.

Simons Sells Out.

D. C. Simons, who has been conducting the Sheridan Advance, has sold his interest in that paper to R. A. Stark of that place, who will take possession October 1. Mr. Simons is a good newspaper man and gave Sheridan a good paper.

Left for Idaho.

Lawrence W. Ray left Friday morning for St. Anthony, Idaho, after a business and pleasure trip to Wyoming and Maryville. His parents, Mr. and Mrs. J. W. Ray, returned a week ago from a three months' trip to St. Anthony and Boise, Idaho.

W. H. Stewart of Seneca, Kan., is visiting in the city.

CONDUCTING REVIVAL.

Rev. C. J. Miller is Preaching at the Meetings at Burlington Junction for Rev. J. W. Love.

Revival meetings started Wednesday night at the Christian church at Burlington Junction and are conducted by Rev. C. J. Miller, pastor of the Christian church of Maryville. On Wednesday night, Rev. Miller had two additions and on Thursday night sixteen. Rev. Miller will also preach Thursday, Friday and Saturday evenings and return to Maryville late Saturday in time for his services here on Sunday. He will conduct the preaching services at the revival next week. The pastor of the Christian church at the Junction, Rev. Love, is sick with fever, as is also his wife, but both of the patients are rallying from their sickness.

STILL CONFINED TO HER BED.

Miss Dora Adams, the Plucky Woman Who Fought Would-Be Robbers at Dawson, is Still Ill.

Miss Dora Adams is still confined to her bed at the home of her father, John Adams, in Dawson as a result of her plucky fight against three men, who attacked Mr. Adams and his daughter on last Thursday evening. Robbery was the motive.

Considerable mystery still surrounds the affair and as yet no arrests have been made. Sheriff Tilson has been busy at work on the case. It is reported that the victims of the robbery are confident they recognized their assailants and some interesting developments are expected. It is thought that it is local talent.

While Miss Adams is not seriously sick, still she has been confined to her bed since that night, suffering from a nervous breakdown and also bruises she received in the fight on the would-be-robbers.

SUCCESS AT REVIVAL MEETING.

The One Which Closed at the Junction on Sunday Converted 126 People.

A great big, successful revival meeting closed at Burlington Junction on Sunday, by the Methodist church, under the direction of the pastor, Rev. L. C. Sappenfield. Rev. H. C. Hawkins of Liberty, Mo., did the preaching. This week's issue of the Burlington Junction Post is speaking of it, saying:

The tent meeting which closed in our town last Sunday evening was perhaps the greatest meeting ever held in Burlington Junction—greatest in the number of conversions and greatest in reaching the strong men of the town. The meeting was held under the auspices of the Methodist church, but no stress was laid on denominational preference. Nothing was said about uniting with the church until the last day of the meeting, when the open door of the church was presented.

About 125 professed conversion and seventy-four united with the Methodist church on Sunday morning. About twenty more have signed cards to unite with that church. Fifty-five were baptized at the tent Sunday afternoon. Few people in Burlington Junction ever saw so many receive the sacrament of baptism at one time.

One very noticeable thing about the meeting was the large number of young men reached. It was a source of constant remark and of very great pleasure to workers. Nearly all of the young men, as soon as they were saved, went immediately to their friends and induced them to come to Christ.

The meeting closed with a fitting climax when there were twenty-six professed conversions at that service—one boy, five women and twenty strong men. No such sight has been seen in Burlington Junction for a quarter of a century and there was great rejoicing among the Christian people. There is a marvelous clearing of the spiritual atmosphere and the effects of the meeting will be far reaching and long felt.

Our people showed their appreciation of the work done in the very generous offering given the men who led the meeting. A little more than \$400 was raised for them. The meeting has closed, but its results remain, even to the day of judgment.

Won First Prize.

Dr. R. F. Ferguson of Elmo won first prize at the automobile parade at the Braddyville corn carnival on Thursday. There were over seventy-five cars at the carnival on Thursday.

Returned From St. Louis.

J. E. Reese returned Friday morning from St. Louis, where he has been attending the Masonic grand lodge meeting.

Took Husband Home.

Mrs. George Hughes of Bedford returned home Thursday with Mr. Hughes, who had been brought to Maryville several days ago for an operation for an aneurism.

Mr. and Mrs. J. W. Baker left Thursday for Oskaloosa, Ia., to visit their son, J. Arthur Baker. They will also visit at Omaha with another son, W. M. Baker.

MET CON MAN IN K.C.

J. W. SPRINGER OF BURLINGTON JUNCTION LOST \$1,276.

LET MAN HAVE IT TO COUNT

Then Went Off to Some Quiet Spot and Failed to Return—The Police Are Hunting Him.

J. W. Springer, a farmer of Burlington Junction, was victimized at Kansas City Thursday by two strangers to whom he entrusted \$1,276.

After selling his farm near Burlington Junction, Mr. Springer went to Kansas City for a little recreation. He went to Tenth street and the Paseo Thursday morning to view the wreck of the new Alameda hotel. There he met a man who made himself agreeable, and together they walked around the building until they had seen all of the damage. Then they walked south on the Paseo until they met another man who joined them. He, too, was sociable.

When the three men went downtown they engaged in a dollar matching contest. Springer invariably won. It was a game of the odd man taking the stakes. From a dollar the stakes increased until they reached \$20 and Springer continued to win until one of the men owed him \$1,400.

Then the debtor decided to quit the game and said he was ready to pay, providing Springer could show that he had an equal amount which could have been lost in the game.

Springer took the man to the bank and showed him the draft for the money. That was not enough. The stranger had to see the actual money. The stranger took the money, saying he would count it and draw an equal amount from the bank to pay Springer. He stepped inside the bank and Springer waited long for him to return. Then he asked the police to make an effort to find the man and the money.

J. W. Springer is a coal dealer and retired farmer of the Junction and is worth about \$20,000. He owns a large farm near Quitman and another near the Junction. No one seems to know his business in Kansas City. He is a very unobtrusive character. He has a great many friends here and is one of the best liked residents of the town.

BEST TWO MILES OF ROAD.

Many Who Traveled Between Here and the Junction Say Ferguson Stretch of Road is the Best.

The best two miles of road in this county, it is said, is the stretch about three and a half miles west of Wilcox. The road is not on the O. K. or Glendon route, but is a road that passes William and Peter Ferguson's places. The people living along this road dragged it several times a week and it is certainly a fine road. They kept it in good condition in order to get some of the automobile traffic. Another thing about the road is that the automobiles don't have to stop for the bridges, as all the approaches are leveled off. The next time you go to the Junction try this road.

AUTO ACCIDENT AT QUITMAN.

Homer Hainline's Car Turned Over Into Lake Thursday Afternoon and Was Demolished.

Homer Hainline and Fred Wright, business men of Quitman, met with an automobile accident Thursday afternoon. They were out for a pleasure ride in Mr. Hainline's new runabout, and as they went to pass over the bridge over the lake at the edge of town, Mr. Hainline missed the approach and the car turned over into the lake, with him under it. Mr. Wright jumped from the car as it started to go over the bridge and was unhurt. Mr. Hainline suffered painful bruises, but is not seriously hurt. The car was badly torn up.

MRS. C. SCHAFF IS DEAD.

Clyde Woman Died in Wisconsin Friday Night at the Home of a Sister.

Mrs. C. Schaff, 71 years old, and an old resident of Clyde, died last night in Melvina, Wis., of heart trouble, having arrived that afternoon at the home of a sister for a visit with her.

The body arrived in Clyde Thursday morning, accompanied by a daughter, Mrs. Gertrude Wright of Columbia, Mo., who went with her mother. The funeral services were held in the Clyde church Friday morning, all the children being present. The husband and father is on a visit to relatives in Germany.

CAN HAVE LECTURE ON POULTRY.

A Course Can Be Had for Maryville if the Commercial Club Will Take the Matter Up.

Maryville can have a free lecture course on poultry this winter if she will go after it. All that is necessary to do, if she is interested, is to write or send an invitation to T. B. Quisenberry, secretary of the state poultry board at Mountain Grove, Mo., who is now endeavoring to secure the best speakers available and who is arranging dates and making other necessary arrangements for the course. There are many poultry raisers in this county who can have the benefit of this course if somebody will put forth just a little effort.

These lectures can be given as a result of a \$250 donation to the Missouri state poultry experiment station at Mountain Grove, by D. M. Green, president of the United Publishing Co., of Waterville, N. Y. This series is to be known as the Poultry Husbandry Lecture course held under the auspices of the state poultry board. It is a recognition of the good work done by the poultry experiment station of this state, as only one of two other states will receive such donations. The state poultry board will add perhaps \$1,000 more to defray the expense of these lectures.

Poultry raising is a great industry in Missouri. The Missouri hen produces double the value of the Missouri wheat crop each year. She produces ten million dollars more each year than the Missouri beef steer. The Missouri hen produces one-half as much wealth each year as Missouri's corn crop. She produces sixteen million dollars more each year than all the lead, zinc, iron and other minerals of the state combined. The object of these lectures is to assist the farmers and poultry raisers to get still greater profits from their poultry operations by co-operation and better methods. There is no cost to any city or organization where these lectures will be delivered. The only condition or requirement is that the lectures are to be well advertised and they will not be held in any city or community which does not send an invitation to the state poultry board signed by at least 100 persons who signify their intention of attending all these lectures. Two days will probably be spent at each place, lectures being delivered morning, afternoon, or night, to suit the convenience of the people. Every lecture will be intensely practical, interesting and instructive. They will be delivered by noted poultry experts from this and other states, and illustrated with lantern slides in most cases. The poultry board will be to great expense for these lectures, and they will not go to any town or county which does not manifest any interest in the matter, and which will not guarantee a good attendance at all meetings. So get busy in the interest of the Missouri hen and for more and better poultry in your county.

Poultry Show.

One of the most popular and best attractions at the street fair last week was the poultry exhibit, and in this connection we wish to say, now is the time to begin to get your birds ready for the coming annual poultry show to be held Dec. 17 to 21, next, at which the management have arranged to pay more liberal premiums than heretofore and in addition to all other premiums offered will offer three grand trophy silver cups, to be given to three different winners competing at said show. Every member of the association will have two chances of winning one of these cups, and if you are not a member you should become so, at once. Membership fees and annual dues are 50 cents. This amount will pay fees and dues, to December 1, 1912, which may be paid to E. L. Andrews, treasurer of the association.

JOSEPH H. SAYLER,

Secretary N. W. Mo. Poultry Association.

On Visit to Sons.

Mr. and Mrs. J. W. Baker left Thursday for Oskaloosa, Ia., to visit their son, J. Arthur Baker. They will also visit at Omaha with another son, W. M. Baker.

Mrs. Will Meyers, living west of Pickering, returned Thursday from a visit with relatives at King City and with her parents, Mr. and Mrs. B. Elberger of Clyde.

Miss Marie Moore of Parnell was in Maryville Thursday, the guest of her aunt, Miss Ada Morin. She went on to Pickering to visit her grandparents, Mr. and Mrs. H. T. Wray.

THE WEATHER

Fair tonight, but frost likely Friday.

GREAT WHEAT CROP

THIS YEAR'S CROP THE BIGGEST EVER IN NODAWAY COUNTY.

500 CARS ALREADY OUT

Estimated That \$500,000 Has Already Been Brought Into This County, and a Big Corn Crop is Left.

The greatest wheat crop ever in Nodaway county was the one this year, and it is estimated that 500 cars of wheat have been shipped from this county since the first part of July. A car of wheat will represent in value an average of \$1,000, and the farmers of this county have received, all told, \$500,000.

Half of this shipment of 500 cars, or 250 cars, have been shipped by H. B. Leet, Leet & Cook and James F. Cook of this city, and Leet & Wamsley of Arkoe. They are still shipping wheat and they are estimating that they will reach over the 300-car line.

One of the greatest troubles they are having now is to get the cars, as there is a shortage on all of the railroads, owing to the great crops.

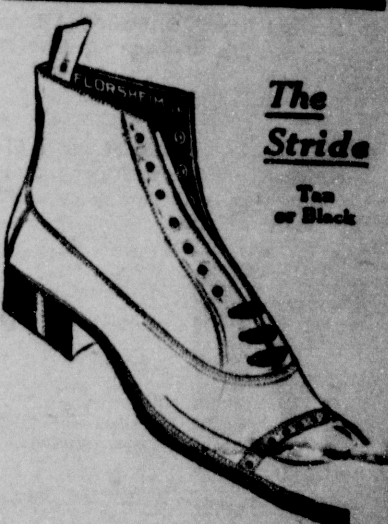

But, just think of it—500 cars of wheat shipped from this county since the first part of July, representing in value \$500,000. And still the farmers have their big corn crop left.

HERE FROM KANSAS CITY STAR.

Steve O'Grady, Editor of Missouri Notes in That Paper, Was in Maryville.

Steve O'Grady, editor of the Missouri notes in the Kansas City Star, which, by the way, are read with interest by the subscribers of that paper, was in Maryville Thursday and Friday. On Thursday Mr. O'Grady was taken to Elmo in a 1913 Overland automobile owned and driven by J. H. Sewell of this city, and was accompanied by J. F. Hull and James Todd. The party left Mr. O'Grady at Elmo, where he was finding out details for a write-up of Joe Younger's affairs, and went on to Braddyville, where they attended the corn carnival in progress there.

Mrs. Joseph Dobbins and son of Arkoe were in Maryville Thursday.

WHY IT SUCCEEDS.

Because it's for One Thing Only, and Maryville People Appreciate This. Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They help sick kidneys.

They relieve backache, kidney and bladder trouble.

Here is Maryville evidence to prove it.

T. J. Clayton, carpenter, 308 South Dewey street, Maryville, Mo., says: "It is eight years since I procured Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store) and used them for kidney complaint. They gave me great relief and benefit and they have prevented any serious trouble since. Whenever I feel in need of a kidney medicine I take a few doses of Doan's Kidney Pills and quickly get relief."

Mr. and Mrs. Paul Sawyers, who were married in this city on September 18, at the home of Mrs. Sawyers' parents, Mr. and Mrs. J. F. Roelofson, left for St. Joseph Thursday evening to establish their home in that city. They returned Wednesday morning from their honeymoon trip to Chicago.

Miss Grundy Hostess.

Miss Cleo Grundy, daughter of Mr. and Mrs. Felix Grundy, was hostess to the Jewel Art club Wednesday night. The usual business meeting was held, when the usual study in embroidery was taken up. This club accomplishes a certain amount of real work at each meeting. The hostess served refreshments at the close of the evening. There were two visitors, Miss Ruth Foster and Miss Marie Grundy. The club decided to hold its weekly meetings on Friday night, and the meeting next week will be held at the home of Mrs. W. M. Dempsey, when her granddaughter, Miss Hazel Gove, will be the hostess. The members are Miss Ola and Ora King, Doris and Mildred Cummings, Oma Robey, Mayme Tilson, Angie VanHorn, Hazel Gove, Maggie, Daisy and Dora Allen, Cleo Grundy.

Wedding of Sherman and O'Banion.

Mr. Orie Von Sherman and Miss Daisy Rosine O'Banion of Parnell were united in marriage at Maryville, September 25, by W. A. Conn. Those witnessing the ceremony were Mr. and Mrs. Elmer Sherman. They returned to the bride's home Wednesday evening and supper was served by Mrs. O'Banion and daughter, Orpha. The bride is the daughter of Mr. and Mrs. O'Banion, and the groom is a son of Mr. and Mrs. Charley Sherman. They are two of Parnell's most highly respected young people. The bride was given in white silk messaline. The groom wore a blue serge suit. The parlor was beautifully decorated in pink and white. The wedding table also had a pretty bunch of flowers sitting in the center. On Thursday the happy couple took their place at the groom's home for an informal, served by the groom's mother and daughters, Florence and Bessie. Those present were Mr. and Mrs. Harley Burch, Mr. and Mrs. Volley Force, Floyd and Goldie Force, Mr. and Mrs. Thomas Rush, Cleo Rush, Mr. and Mrs. Elmer Sherman, Mr. Charley O'Banion, Mr. Arthur Hunt, Mr. and Mrs. Allen O'Banion, Misses Florence and Bessie Sherman.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapiesin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

Children Operated On.

The 7-year-old daughter of Mr. and Mrs. Thomas Martin of Bedford was operated on for appendicitis Thursday morning at St. Francis hospital, and the little son of Mr. and Mrs. John Elcholt of Clyde, was operated on Friday morning for an infected foot.

LIFE PRESERVER UNDER COAT

Inventor Gives Test of His New Device in the Hudson River.

A new style of life preserver, designed for expert and amateur swimmers as well as for all manner of vessels, was tried out in the Hudson river off One Hundred and Fifty-fifth street the other day. The device was worn by its inventor, Nathan Martino, of 704 Ninth avenue. It consists of a rubber belt, with two sacks, or inflated balloons, just in front of the shoulders. Mr. Martino demonstrated that the life preserver can be worn when deflated underneath a bathing suit or any ordinary clothing, and inflated within a second's time by means of the tubes, which hang over the shoulder. If a swimmer is suddenly afflicted with cramps he could reach for the tubes, put them in his mouth and inflate the bags before he could sink. This is what Mr. Martino said, and he demonstrated it by plunging into the Hudson river, where the water is 20 feet deep, inflated the device and floated about without effort. Two hundred bathers watched the demonstration.

The new life preserver is made of India rubber. The one used by Mr. Martino is the only one ever made, and cost ten dollars. Mr. Martino said that duplicates could be made for half that sum. He made the assertion that it will support a person weighing 300 pounds, and has the advantage over the ordinary cork life preserver that any one on board ship or swimming can wear one deflated, without its figuring as any addition to the ordinary clothing. Mr. Martino, who says he weighs 210 pounds and looks every pound of it, floated about in the waters of the Hudson without effort.

And there is a reason for every extra pound of tough steel and enduring malleable iron in it. The 3-ply construction makes it wear well and there is an extra heavy bracing on the oven, for you must know the oven is air-tight. The heat can't get out and the dust or ashes can't get in.

There are so many distinctive features peculiar to the South Bend Malleable Range that we have no room to speak of them all. It's

Special Demonstration and Sale on Great Majestic Ranges

SET OF WARE FREE

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

One Week Only
Sept. 30 to Oct. 5

SAVE \$8.00

A special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Special

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT.

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

Don't Overlook the Date. This is a Special Invitation to You and Your Friends and Neighbors

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), heats fifteen gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

VACCINE FOR DOCTORS ONLY

KANSAS WILL SHIP NONE DIRECT TO FARMERS.

Horse Plague Preventive is Free, But Must be Administered Only by Veterinarians.

Topeka, Sept. 27.—The vaccine developed by the agricultural college to prevent the horse plague can only be administered by veterinarians. None will be shipped to the farmers directly. The vaccine will be furnished free by the state, but those who use it must pay the expenses of an expert to administer it. That ruling has just been announced by J. H. Mercer, state live stock sanitary commissioner.

"The college has found the vaccine to be beneficial," said Mr. Mercer. "It is still in an experimental stage, but hundreds of requests are coming to this office and the college for it every day. The vaccine can be applied quickly and the horses of 20 or 30 farmers can be treated in a day if they are close together and the cost would be small if they join in a club, get the veterinarian and we will supply all the vaccine needed."

Medicines Cause Death.

Lincoln, Neb., Sept. 27.—That Nebraska and Kansas farmers have killed thousands of horses by drastic and improper efforts to save them from death by meningitis, is the opinion of Dr. H. H. Udall, Cornell university expert investigating conditions. He said: "The disease paralyzes the throat muscles, and horses have been strangled with every imaginable concoction. In many cases this does have been the immediate cause of death."

Mrs. Hannah Garten went to Pickering Thursday to visit her son, J. S. Garten and family.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

NEGRO HELD OUT AGAINST POSSE

Barricaded in House and Refuses to be Taken Alive.

CROWD IS AWAITING DAYLIGHT

Drug Crazy Black Stands Off Armed Men all Night—Street Car Service Stopped Because of Firing.

Louisville, Ky., Sept. 27.—Barricaded in his house in the crowded negro section, Ed Jackson, a drug crazy negro, for the greater part of the night has held 200 armed men at bay. One policeman who attempted to go into the house has been dangerously shot. The black has declared no one shall take him alive.

After the police and citizens had for two hours kept up almost a continuous fire into the house in an attempt to wound the man, it was ascertained that a negro woman and child were in there with him.

Firing ceased and the posse surrounding the house are waiting for daylight, when it is hoped the effects of the drug may have worn off and he will surrender.

Soon after entering Jackson fired into every street car that passed, and it was necessary to suspend service on that part of the street.

He got away from an officer early in the night when the officer attempted to arrest him on a charge of carrying concealed weapons.

NICARAGUAN LEADER GIVES UP

General Mena and 700 Followers Yield to Americans—Will be Exiled.

Panama, Sept. 27.—Gen. Luis Mena, the Nicaraguan rebel leader, has surrendered. It was not to the government commander that he yielded, but to the officer in charge of the American forces.

Though the situation was improved by Gen. Mena's surrender, other Central American countries seemed to have caught the revolutionary contagion. Reports from nearly all of them predict an early necessity of American intervention if widespread disorders are to be avoided.

Gen. Mena is to be sent to Panama under guard. American Minister Weitzel reported to the state department that Rear Admiral Southerland had accepted the surrender of Mena and 700 followers. His removal to Panama probably means exile.

Laws for Ohio Girls.

Cleveland, Sept. 27.—Laws to keep girls in school until 16 years old, and off the streets as newspaper sellers are being prepared by a governor's commission. Representatives of labor and civic organizations who met the commission were agreed that the provision to exclude girls under 18 from street vending pursuits will lessen the white slave trade.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. The money will be refunded if you are not satisfied. Represented by Agent Koch Pharmacy

PREPARE FOR WINTER WHEAT

Grain Farmers Plow Immediately After Barley or Oats is Harvested—Prevent Evaporation.

Oats and barley stubble land intended for winter grain and to be seeded to grass should be plowed early and harrowed soon after plowing, so the ground can settle. Heavy land should be plowed with three horses. We use the sulky plow, set to cut an even furrow and a good depth. Harrow and roll before the plowed ground dries out. A fine, mellow top soil will prevent evaporation of moisture and it can be put in nice order for drilling with a second or third working with the spring-tooth harrow and roller, says a writer in the Baltimore American. Land plowed just before sowing is too spongy; it should be plowed at least two weeks before the rain is drilled. Expert grain farmers plow immediately after the barley or oats is harvested and then harrow and roll. When oats or barley precede a crop of winter wheat the land is much drier than a properly managed summer fallow, and if the season should be dry and hot it is difficult to get such land mellow and moist enough for germination of grain. If barnyard manure is to be spread over the field it will pay to hire a spreader for the manure can be spread so much better, as the spreader cuts the manure fine and spreads an even and a regular coat over the entire ground. Two active men with a two-horse spreader will haul and spread a large pile of manure in a day. The regular price for the use of a spreader is 50 cents per day. If a spreader cannot be had, haul and spread direct from wagon or cart. The manure spread one day should be harrowed into the ground the next; there is no loss of plant food from the manure drying out from action of sun and wind. Spread 12 two-horse wagon loads of rooted manure and drill the grain in with 250 pounds of a good animal bone fertilizer to the acre. The manure and fertilizer will give a larger yield of grain and a better quality of straw than either manure or fertilizer used alone.

Every Circuit Court Adjourns.

St. Louis, Sept. 27.—For the first time in Missouri during a session of the Missouri Bar association every circuit court in the state adjourned and will remain adjourned during the "free days" session of the association here. Fifty circuit judges will attend. Reforms in judicial procedure and recommendations for legislative amendment of the codes will be discussed.

"SYRUP OF FIGS" FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

BETTER THAN CASTOR OIL, CALOMEL OR CATHARTICS TO CLEANSE YOUR STOMACH, LIVER AND 30 FEET OF BOWELS—HARMLESS—LAXATIVE FOR MEN, WOMEN AND CHILDREN.

Primitive folks did not need laxatives. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little, eat little fruit, and our food is too fine—too rich.

We simply can't have our ten yards of bowels clogged up, liver choked with sour bile and stomach full of foul matter and feel well. It means that the food and waste retained in the stomach and thirty feet of bowels ferments—decays. The decay creates poisons, gases and acids, and those poisons are absorbed into the blood through the very ducts intended to suck in the nutriment. Then we have sick headache, become dull, bilious, tongue coated, nervous, meals don't digest, and we feel miserable all over. So we must make our choice. We must live like primitive folks, else we must take artificial means to move the excess bile and waste matter on and out of the system.

The safest, most harmless and effective stomach, liver and bowel cleanser and regulator for men, women and children—is delicious Syrup of Figs, which doesn't irritate, gripe or weaken. Its effect is the effect of fruits. It is composed entirely of luscious figs, senna and aromatics. Don't think you are drugging yourself. Syrup of Figs can be constantly used without harm.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and see on the label that it is prepared by the California Fig Syrup Co. This is the only genuine—the old reliable. Refuse, with contempt, the so-called Fig Syrup imitations sometimes offered to deceive you.

FROST COVERED THREE STATES

Kansas, Iowa and Missouri Report Low Temperatures—Thick Ice at Emporia.

Emporia, Kan., Sept. 27.—Ice a quarter of an inch thick formed here in the night, with a heavy frost. The temperature dropped to 31 degrees.

Topeka, Sept. 27.—A heavy frost that killed the tenderest plants, but was not generally killing, covered practically all of Kansas. Low temperatures were reported from every weather station and the railroad reports showed frost generally except in the southeast section. South of the Santa Fe main line and west of Emporia the frost was light and did little damage.

Mason City, Ia., Sept. 27.—A hard frost here and the government thermometer registered 29. The corn was damaged.

Sedalia, Mo., Sept. 27.—Pettis county had its first frost of the season. The temperature at 5 o'clock in the morning was 37 degrees.

TO PRESERVE OLD LANDMARK

FAMOUS MISSOURI INN TO BE REDEDICATED.

Old Trails Association Will Make Tavern Point of Interest on Cross State Road.

Montgomery City, Mo., Sept. 27.—The Isaac Von Bibber tavern, "Louter Lick," at Mineola, famous in the state's early days, will be rededicated by Champ Clark, Gov. Hadley, ex-Gov. Folk and Walter Williams as speakers.

The Missouri Old Trails association is in charge of the affair and intends to make the ancient tavern one of the central points on the road again being picked out as it ran in the pioneer days.

A dinner for which 40 sheep have been barbecued, will be free to the guests, as will all the entertainment promised for the day. The D. A. R. are aiding in the celebration, seeking to preserve the tavern as one of the state's most historic places. Mr. Crane, the owner had considered replacing it with a large hotel, as it is close to the famous Mineola springs. In this part of the state the story of the old tavern is known to everyone, for Isaac Von Bibber, who built the inn nearly 100 years ago, was host for Washington Irving, Nathan Boone, brother of Daniel Boone, and the distinguished men of the day.

To Hear Alaska Coal Cases. Washington, Sept. 27.—Hearings on many cases involving valuable coal lands in Alaska will be held at the Seattle land office in October. They involve questions of prior agreements, alleged dummy entries and non-opening and non-development of coal mining lands. The cases eventually will reach the general land office here for final action.

CAMPA ARRESTED AS TEST CASE?

Mexican Officials Charge Agreement With Orozco and Salazar.

TO TRY UNITED STATES COURT

Would Follow Should Government Refuse to Prosecute—Rebel Prisoner Severely Denounces Former Comrades.

Tucson, Ariz., Sept. 27.—General Pascual Orozco, Jr., has more than a million dollars in European banks as a result of his revolutionary activities, according to the statement just made by Gen. Emilio Campa, a rebel deserter. Gen. Inez Salazar also has amassed a fortune, according to Campa, who was severe in his denunciation of his former comrades-in-arms.

Campa denied that his arrest is the result of an agreement with Orozco and Salazar to provide a test case in the United States court, they to follow his example should the United States government refuse to prosecute or to allow Mexico to extradite him.

Mexican officials here declare they have positive knowledge of such an agreement.

Refuse Amnesty. El Paso, Tex., Sept. 27.—"I would accept no amnesty if it removed the charge holding me in this jail and allowed me to go free, but with the obligation to refrain from fighting for Mexico," said Col. Pascual Orozco, Jr., father of the leader of the Mexican revolution in the north, in jail here on charges of murder, preferred by the Mexican government, with intent to extradite for trial in Mexico. Other revolutionists in jail here echoed his sentiments.

Col. Jose Cordova, Gen. Orozco's chief adviser and secretary, in jail on similar charge, said: "I would accept willingly an armistice permitting treaties of peace, but amnesty, no."

General Salazar Wounded. Tucson, Ariz., Sept. 27.—Gen. Inez Salazar, suffering from a gunshot wound in his right shoulder now is in southern California, according to information which reached American and Mexican officials here. Salazar is said to have crossed the line in the vicinity of Douglas and then taken a train for Los Angeles. The El Tigre Mining company has recovered all but one bar of the silver bullion stolen by Salazar two weeks ago.

COURT BARRED AN OIL ATTORNEY

For Offensive Remarks, Standard's Representative Was Ejected and Hearing Delayed.

New York, Sept. 27.—Col. Robert W. Stewart, counsel for Standard Oil, was ruled out of the Standard-Waters-Pierce hearing. He made remarks which Commissioner Jacobs characterized as "offensive," and as there was no other man available the hearing went over until October 3. Samuel J. Minter, who recalled Richard C. Veit for re-examination and Stewart objected.

Jacobs called Stewart's remarks "bullying" and ordered him to be "more gentlemanly."

"I understand that Commissioner Jacobs is unwilling to make any ruling that is unsatisfactory to Mr. Undermyer," said Stewart. It was announced that S. W. Fordyce of counsel for the Waters-Pierce company could go to Chicago to take testimony before the suit is finally called for trial in St. Louis.

STRUCK FOR LEADERS' RELEASE

Two Thousand Mill Hands at Lawrence, Mass., Quit—Police Dispersed Crowd.

Lawrence, Mass., Sept. 27.—Two thousand operatives in the Washington mill of the American Woolen company left their work as a protest against the confinement in jail of Joseph J. Ettor and Arturo Giovannitti. The strikers and their sympathizers gathered in front of the mill. Police-men were sent to the scene. The strikers were informed that they must disperse and they left the mill section without showing any resistance. Ettor and Giovannitti, leaders of the Industrial Workers of the World are charged with being accessories to the murder of Anna Lopizzo during the textile strike here last winter.

Seek Women Horsethieves.

Muskogee, Ok., Sept. 27.—Laura Reeves was arrested and placed in jail at Wagoner, Ok., charged with being a member of a gang of women horse-thieves. Her arrest followed that of Della Wiley, who is believed to be the head of the organization. In the last year 26 horses have been stolen and none recovered. The officers are looking for two Indian girls believed to be members of the band.

Acquit a Kansas Postmaster.

Wichita, Kan., Sept. 27.—A federal court jury here acquitted Warren D. Vincent, former postmaster at Herington, Kan., who was indicted on a charge of having stolen \$2,000 from a registered package. The evidence was circumstantial. Last March Vincent was tried but the jury disagreed.

TO INVESTIGATE PASTOR'S RECORD

Request for Transfer to New York Pulpit Results in Inquiry.

REFUSE TO DISCUSS CHARGES

Details of Complaints Made Against Coffeyville Minister Not Made Public—Will be Given Hearing October 4.

Ottawa, Kan., Sept. 27.—Testimony which may result in charges against the Rev. Percival H. Barker, who recently resigned the pastorate of the First Presbyterian church at Coffeyville, will be heard at a meeting of the eastern Kansas Presbytery at Chanute October 4.

Mr. Barker's resignation was tendered to a committee composed of the Rev. H. Onsker of Fredonia, the Rev. M. Shaw of Parsons and the Rev. J. M. Douglas of Ottawa, which met in Coffeyville, and the possibility of charges first became known when they refused the pastor's request for a letter transferring him to a New York pulpit. The nature of the charges against Barker have not been made public, and none of the pastors composing the commission will discuss them.

Not Asked to Resign. The investigation is under direction of the Rev. J. M. Douglas of the Presbyterian church of this city. Mr. Barker took charge of the Coffeyville church less than a year ago, coming from the Maywood Congregational church at Chicago, and this change of denominations, it is understood, brought about the present review of his record.

"Mr. Barker was not asked to resign his Coffeyville pastorate," Mr. Douglas said. "There had been rumors of his misrepresenting the facts of his dismissal from the Chicago church, even before he handed us his resignation. We have not dismissed him, and may not do so. If we find that he deceived the presbytery and that he was not in good standing with the Congregational church when he left it, then his dismissal will be withheld. Thus far we have done nothing to sever his pastoral relation with the church. His former church standing is the matter we are investigating."

Married an Ottawa Girl. When Barker was pastor of the Maywood Congregational church in Chicago, Miss Ruth Lawrence of Ottawa was a vocal student in that city and met the pastor. They were married a few weeks after he became pastor at Coffeyville. She is now at the home of her father, Dr. V. E. Lawrence, here. Her husband left Ottawa a week ago for Chicago.

Increased Factional Fighting Viewed With Alarm—Unionist Leader Visits Balmoral.

Balmoral, Scotland, Sept. 27.—King George views with concern the situation in Ulster on account of the increasing factional fighting there.

The Unionist leader, Andrew Bonar Law, arrived at Balmoral as a guest and there is some inclination to connect his visit with the Irish question. It is, however, officially announced that Mr. Law has been invited here merely for the purpose of meeting the Russian foreign minister, Sergius Sazonoff.

Harvesting Maize Corn.

Cottonwood Falls, Kan., Sept. 27.—The Kafr corn crop is being harvested with a larger yield than last season. In the extensive Kafr corn section in the Prairie Hill and Howard head neighborhoods where Kafr is the main crop it is estimated that the average yield will be from 25 to 30 bushels per acre, while many bottom farms will bring a yield of 45 to 50 bushels.

Shot 200 Mutineers.

Wu Chang, China, Sept. 27.—More than 200 mutinous soldiers were shot without the formality of a court-martial by the loyal troops, commanded by Gen. Li Yuan Heng in consequence of the outbreak which occurred among the soldiers encamped outside the walls of this city Tuesday.

BREACH OF PROMISE

LOU HOLT BRINGS SUIT AGAINST A SEDALIA WOMAN.

ASKS \$25,000 DAMAGES

Petition Alleges That They Were Engaged to Be Married and That Mrs. Planck Married Another.

Louallen Holt, a well known merchant of this city, filed suit Thursday in the circuit court at Sedalia, Mo., against Mrs. Charlotte Casto, a wealthy woman of Sedalia, in which he demands \$25,000 damages for alleged breach of promise of marriage.

Holt is a widower, 55 years old, and the defendant until recently was a widow. Her husband, the late J. M. Planck, was a prosperous merchant of Sedalia, and it is alleged that she inherited from him property worth more than \$100,000. In the petition filed Thursday by B. Raleigh Martin of St. Joseph and Wesley A. Blagg of Maryville, it is alleged that Holt and the then Mrs. Planck, became engaged January 10, 1909, and that, last January, she made it impossible to redeem her promise by marrying another man—one Dr. Jabez C. Casto, a physician of Sedalia.

"Plaintiff further states that during the period of his courtship with defendant, as aforesaid," reads the petition, "and in the belief that the defendant was to become his wife, he expended large sums of money in entertaining her, gave and presented her with various presents and divers sums of money, which were duly received and accepted by defendant. Plaintiff further states that defendant's violation of her contract of marriage as aforesaid was wholly without legal justification or excuse."

It is alleged that among the gifts was a \$3,000 diamond.

The story of their alleged love and courtship is highly romantic. Holt and the late J. M. Planck were in the same line of business, one in Maryville, the other in Sedalia, and they belonged to a mercantile organization which held annual meetings in Kansas City. After Planck's death Mrs. Planck carried on her husband's business. She attended the Kansas City meetings, and it was at one of these, as the story goes, that she met Holt. A mutual friend introduced them. Thereafter, it is alleged, Holt made frequent trips to Sedalia to call on the charming widow. They corresponded freely, and for a while it is alleged Mrs. Planck received from Holt as many as three letters a day. The attorneys say these letters and the answers to them will be made exhibits in the case.

Dr. and Mrs. Casto are now said to be in San Antonio, Texas, and it is understood that they will make that their future home. She retains her property interests in Sedalia, however, and, to secure his claim, Holt has attached her entire holding there.

Holt has five children, and the oldest son is in the United States naval academy at Annapolis. The senior Holt has a handsome home in Maryville, and is in comfortable circumstances himself.

Casto, the bridegroom, is described as a striking figure of a man, and a busy dresser. He practiced for many years in Sedalia as a specialist.

TO MOVE TO KANSAS CITY.

Dan H. Holmes and Family to That City About January 1.

Dan H. Holmes and his family of this city will go to Kansas City the first of January to make their home. Mr. Holmes has been representing Sprague, Warner & Co. in Central Missouri since the first of February last, and has evidently made good, as he was called to Chicago by the company a few days ago and given additional territory in which to work, carrying with it a corresponding increase in salary.

Mr. Holmes will spend two weeks of each month working in Kansas City, one week in Eastern Kansas, with Leavenworth, Atchison, Fort Scott, Topeka and other important towns in his territory, and the fourth week in the territory east of Kansas City that he has had for nearly the past year, taking in the towns of Mexico, Fulton, Jefferson City and other good business places in that section.

Mr. Holmes retired from the grocery business in this city the first of January last, in which he had been engaged for several years with his father, G. B. Holmes, now with the North American Life Insurance company. He is an expert young grocer, as his work with Sprague, Warner & Co. is proof.

HOPKINS PULLS DOWN A PRIZE.

Had Twenty-Two Cars in Automobile Parade at Braddyville, Ia., on Thursday.

Hopkins was well represented at the corn carnival in Braddyville, Ia., on Thursday and won a prize of \$25 for the town represented by the most automobiles. There were twenty-two cars from Hopkins that left town Thursday afternoon at 1 o'clock under the supervision of W. L. Morehead, editor of the Hopkins Journal. On reaching Braddyville they took part in the automobile parade, there being from seventy-five to one hundred cars in the line of march. Elmo had eight cars in the parade, Clearmont had 2 and Burlington Junction had a number.

Among the Hopkins people who went to Braddyville to take part in the auto parade were: E. C. Wolfers, Sr., F. H. Monroe, Misses Ethel Elmer and Frances Lindsay, Howard and Floyd Swain, Misses Gertrude Downing and Bertha Davidson, Walter Morehouse, Dr. and Mrs. S. E. Large, Edward Jackson, Miss Alma Steck, Felix Brown, Mrs. Dr. Cossins, Miss Friend, Mr. and Mrs. Sam Robbins, Mrs. Kate Miller, Mr. and Mrs. H. H. McMaster, Jerome and Russell McMaster.

INJURED BY AN AUTO.

Accident Occurred Within a Mile of Spot Where Woman Was Killed Tuesday.

Less than a mile from where Mrs. J. A. Tipton of Albany was killed Tuesday evening, Frank Hibbs, a young farmer living ten miles southeast of Guilford, met with serious injuries in an automobile accident on Wednesday morning. Hibbs was leading some young horses and mules behind his buggy when some young horses he had took fright at an approaching automobile driven by Mr. Peery, a neighbor of Mr. Hibbs. Hibbs was trapped by the horses and mules and thrown from the buggy. His injuries are considered critical.

Hibbs was taken to the home of Sam Combs by Mr. Peery and later was taken to his own home. He received a number of bruises and also a sprained ankle.

Visited Friends Here.

Miss Ada McKee left for her home in Clyde, Kan., Friday morning, after a two weeks' visit with many of her old schoolmates and friends here, her former home. Miss McKee is a daughter of the late Scott McKee, whose death occurred two years ago as the result of injuries he received when the Ringling circus tent blew down in a storm in September, 1906.

Suits for \$900.

Suit was filed by Attorney Ellis G. Cook Thursday for Michael McDonnell vs. J. F. Roelofson. The petition alleges that Roelofson was clerk at a sale of McDonnell in 1908, and that \$900 was received by Roelofson from that sale that he has failed and neglected to pay over to McDonnell.

Visiting Here From Colorado.

Fremont Longley of Colorado Springs, Colo., arrived in this city Friday morning from Illinois for a few days' visit here with old friends. Mrs. Longley is with him on this trip, but she got off at Bedford, Ia., for a visit with her sister. Mr. and Mrs. Longley are former residents of this city.

Visiting his sister, Mrs. G. Matter, of Buena Vista, Ill., is James N. Matter, sister, Mrs. G. Matter, and family.

WAS ARRESTED HERE

COUPLE FROM TARKIO ELOPED TO MARYVILLE.

WITH A HANDSOMER MAN

Mrs. T. J. Finton left Husband to Go With E. B. Still, Who Wasn't Still Enough—They Were Caught.

When Mrs. T. J. Finton and E. B. Still, both of Tarkio, reached Maryville Thursday evening they were taken in charge by Deputy Sheriffs Tilson and Yeaman and put in the county jail as being an eloping couple, word being received from Tarkio to hold them. They had tickets on the Wash to Stanberry, and told the officers they were going to Monmouth, Ill., and Milwaukee, Wis.

Still is a former resident of Maryville and is about 40 years old. He is divorced from his first wife, and since that time, it is reported, had some trouble in St. Joseph. For the past several months he has been at Tarkio working in the Thompson Hivery barn, and in that town he met Mrs. Finton, who is 28 years old. They decided the first of the week to elope, and left Tarkio Thursday morning. But Mrs. Finton is married and her husband is still living in Tarkio, and when his wife disappeared Thursday he got trace of them and sent word to Maryville to have them taken off the train here and held, which the officers did.

Friday noon Deputy Constable Crouts of Tarkio arrived in an automobile and took Mrs. Finton back to Tarkio with him after a night spent in the county jail. Still spent the night also in jail, but will be released later today, as there is no charge against him.

Mrs. Finton, it is understood, has caused a great deal of trouble, and her husband shot one man for paying too much attention to her.

WAS FINED \$2 AND COSTS.

For Securing Money Under False Pretenses—Edgar McGoon Was the Young Man.

Edgar McGoon was arrested Thursday on a charge of securing money under false pretenses last week in Maryville at the aKne saloon. McGoon is about 17 years old and he had two checks cashed on the Maitland bank for \$2 each, and there being no money in that bank, the checks came back. This was the first time he has ever been in trouble, so on Friday before Justice of the Peace Morris he pleaded guilty and was fined \$2 and costs.

William Wardlow, about 35 years old, was also arrested for securing money under false pretenses with McGoon. He had four checks cashed at Kane's saloon last week, amounting to \$12.50 in all. These checks were also on the Maitland bank, and there was no money of his on deposit there. Wardlow will come up before Judge Morris on Saturday.

Both Wardlow and McGoon were arrested several miles south of town, where they had secured work with the Sam Hookman threshing machine crew.

OPENING UP STORM AVENUE.

They Are Now Grading the New Road, Which Will Be Formally Opened Soon.

Graders are busy at work grading the new road, Storm avenue, from Frather avenue to the Normal grounds. The road will extend over the Wabash track and that railway company has agreed to build a bridge over the track. As soon as the Wabash will do this work, then the new road will be opened for traffic. It has taken some time to get this road started.

ROWLETT BEEVES AT \$9.45.

Nodaway County Feeder Takes Down \$3,296 for Twenty-Seven Head.

William Rowlett, one of the veteran feeders of Nodaway county, had a shipment of twenty-seven steers on the South St. Joseph market, for which he received \$3,296.16. These cattle averaged 1,292 pounds and sold at \$9.45.—Live Stock Journal.

Simons Sells Out.

D. C. Simons, who has been conducting the Sheridan Advance, has sold his interest in that paper to R. A. Stark of that place, who will take possession October 1. Mr. Simons is a good newspaper man and gave Sheridan a good paper.

Left for Idaho.

Lawrence W. Ray left Friday morning for St. Anthony, Idaho, after a business and pleasure trip to Wyomining and Maryville. His parents, Mr. and Mrs. J. W. Ray, returned a week ago from a three months' trip to St. Anthony and Boise, Idaho.

W. H. Stewart of Seneca, Kan., is visiting in the city.

CONDUCTING REVIVAL.

Rev. C. J. Miller is Preaching at the Meetings at Burlington Junction for Rev. J. W. Love.

Revival meetings started Wednesday night at the Christian church at Burlington Junction and are conducted by Rev. C. J. Miller, pastor of the Christian church of Maryville. On Wednesday night, Rev. Miller had two additional and on Thursday night sixteen. Rev. Miller will also preach Thursday, Friday and Saturday evenings and return to Maryville late Saturday in time for his services here on Sunday. He will conduct the preaching services at the revival next week. The pastor of the Christian church at the Junction, Rev. Love, is sick with fever, as is also his wife, but both of the patients are rallying from their sickness.

STILL CONFINED TO HER BED.

Miss Dora Adams, the Plucky Woman Who Filled Would-Be Robbers at Dawson, is Still Ill.

Miss Dora Adams is still confined to her bed at the home of her father, John Adams, in Dawson as a result of her plucky fight against three men, who attacked Mr. Adams and his daughter on last Thursday evening. Robbery was the motive.

Considerable mystery still surrounds the affair and as yet no arrests have been made. Sheriff Tilson has been busy at work on the case. It is reported that the victims of the robbery are confident they recognized their assailants and some interesting developments are expected. It is thought that it is local talent.

While Miss Adams is not seriously sick, still she has been confined to her bed since that night, suffering from a nervous breakdown and also bruises she received in the fight on the would-be robbers.

SUCCESS AT REVIVAL MEETING.

The One Which Closed at the Junction on Sunday Converted 126 People.

A great big, successful revival meeting closed at Burlington Junction on Sunday, by the Methodist church, under the direction of the pastor, Rev. L. C. Sappenfield. Rev. H. C. Hawkins of Liberty, Mo., did the preaching. This week's issue of the Burlington Junction Post is speaking of it, says: "The cent meeting which closed in our town last Sunday evening was perhaps the greatest meeting ever held in Burlington Junction—greatest in the number of conversions and greatest in reaching the strong men of the town. The meeting was held under the auspices of the Methodist church, but no stress was laid on denominational preference. Nothing was said about uniting with the church until the last day of the meeting, when the open door of the church was presented.

About 125 professed conversion and seventy-four united with the Methodist church on Sunday morning. About twenty more have signed cards to unite with that church. Fifty-five were baptized at the tent Sunday afternoon. Few people in Burlington Junction ever saw so many receive the sacrament of baptism at one time.

One very noticeable thing about the meeting was the large number of young men reached. It was a source of constant remark and of very great pleasure to workers. Nearly all of the young men, as soon as they were saved went immediately to their friends and induced them to come to Christ.

The meeting closed with a fitting climax when there were twenty-six professed conversion at that service—one boy, five women and twenty strong men. No such sight has been seen in Burlington Junction for a quarter of a century and there was great rejoicing among the Christian people. There is a marvelous clearing of the spiritual atmosphere and the effects of the meeting will be far reaching and long felt.

Our people showed their appreciation of the work done in the very generous offering given the men who led the meeting. A little more than \$400 was raised for the cause. The meeting has closed, but its results remain, even to the day of judgment.

Won First Prize.

Dr. R. F. Ferguson of Elmo won first prize at the automobile parade at the Braddyville corn carnival on Thursday. There were over seventy-five cars at the carnival on Thursday.

Returned From St. Louis.

J. E. Reese returned Friday morning from St. Louis, where he has been attending the Masonic grand lodge meeting.

Took Husband Home.

Mrs. George Hughes of Bedford returned home Thursday with Mr. Hughes, who had been brought to Maryville several days in operation for an eye.

Mr. and Mrs. Hughes are in the city.

MET CON MAN IN K.C.

J. W. SPRINGER OF BURLINGTON JUNCTION LOST \$1,276.

LET MAN HAVE IT TO COUNT

Then Went Off to Some Quiet Spot and Failed to Return—The Police Are Hunting Him.

J. W. Springer, a farmer of Burlington Junction, was victimized at Kansas City Thursday by two strangers to whom he entrusted \$1,276.

After selling his farm near Burlington Junction, Mr. Springer went to Kansas City for a little recreation. He went to Tenth street and the Paseo Thursday morning to view the wreck of the new Alameda hotel. There he met a man who made himself agreeable, and together they walked around the building until they had seen all of the damage. Then they walked south on the Paseo until they met another man who joined them. He, too, was sociable.

When the three men went downtown they engaged in a dollar matching contest. Springer invariably won. It was a game of the odd man taking the stakes. From a dollar the stakes increased until they reached \$20 and Springer continued to win until one of the men owed him \$1,400.

Then the debtor decided to quit the game and said he was ready to pay, providing Springer could show that he had an equal amount which could have been lost in the game.

Springer took the man to the bank and showed him the draft for the money. That was not enough. The stranger had to see the actual money. The stranger took the money, saying he would count it and draw an equal amount from the bank to pay Springer. He stepped inside the bank and Springer waited long for him to return. Then he asked the police to make an effort to find the man and the money.

J. W. Springer is a coal dealer and retired farmer of the Junction and is worth about \$29,000. He owns a large farm near Quitman and another near the Junction. No one seems to know his business in Kansas City. He is a very unobtrusive character. He has a great many friends here and is one of the best liked residents of the town.

BEST TWO MILES OF ROAD.

Many Who Traveled Between Here and the Junction Say Ferguson Stretch of Road is the Best.

The best two miles of road in this county, its is said, is the stretch about three and a half miles west of Wilcox. The road is not on the O. K. or Glendon route, but is a road that passes William and Peter Ferguson's place. The people living along this road dragged it several times a week and it is certainly a fine road. They kept it in good condition in order to get some of the automobile traffic. Another thing about the road is that the automobiles don't have to stop for the bridges, as all the approaches are leveled off. The next time you go to the Junction try this road.

AUTO ACCIDENT AT QUITMAN.

Homer Hainline's Car Turned Over Into Lake Thursday Afternoon and Was Demolished.

Homer Hainline and Fred Wright, business men of Quitman, met with an automobile accident Thursday afternoon. They were out for a pleasure ride in Mr. Hainline's new runabout, and as they went to pass over the bridge over the lake at the edge of town, Mr. Hainline missed the approach and the car turned over into the lake, with him under it. Mr. Wright jumped from the car as it started to go over the bridge and was unhurt. Mr. Hainline suffered painful bruises, but is not seriously hurt. The car was badly torn up.

MRS. C. SCHAFF IS DEAD.

Clyde Woman Died in Wisconsin Friday Night at the Home of a Sister. Mrs. C. Schaff, 71 years old, and an old resident of Clyde, died last night in Melvina, Wis., of heart trouble, having arrived that afternoon at the home of a sister for a visit with her.

The body arrived in Clyde Thursday morning, accompanied by a daughter, Mrs. Gertrude Wright of Columbia, Mo., who went with her mother. The funeral services were held in the Clyde church Friday morning, all the children being present. The husband and father is on a visit to relatives in Germany.

Parnell Schools to Open Oct. 7.

CAN HAVE LECTURE ON POULTRY.

A Course Can Be Had for Maryville If the Commercial Club Will Take the Matter Up.

Maryville can have a free lecture course on poultry this winter if she will go after it. All that is necessary to do, if she is interested, is to write or send an invitation to T. B. Quisenberry, secretary of the state poultry board at Mountain Grove, Mo., who is now endeavoring to secure the best speakers available and who is arranging dates and making other necessary arrangements for the course. There are many poultry raisers in this county who can have the benefit of this course if somebody will put forth just a little effort.

These lectures can be given as a result of a \$250 donation to the Missouri state poultry experiment station at Mountain Grove, by D. M. Green, president of the United Publishing Co., of Waterville, N. Y. This series is to be known as the Poultry Husbandry Lecture course held under the auspices of the state poultry board. It is a recognition of the good work done by the poultry experiment station of this state, as only one of two other states will receive such donations. The state poultry board will add perhaps \$1,000 more to defray the expense of these lectures.

Poultry raising is a great industry in Missouri. The Missouri hen produces double the value of the Missouri wheat crop each year. She produces ten million dollars more each year than the Missouri beef steer. The Missouri hen produces one-half as much wealth each year as Missouri's corn crop. She produces sixteen million dollars more each year than all the lead, zinc, iron and other minerals of the state combined. The object of these lectures is to assist the farmers and poultry raisers to get still greater profits from their poultry operations by co-operation and better methods. There is no cost to any city or organization where these lectures will be delivered. The only condition or requirement is that the lectures are to be well advertised and they will not be held in any city or community which does not send an invitation to the state poultry board signed by at least 100 persons who signify their intention of attending all these lectures. Two days will probably be spent at each place, lectures being delivered morning, afternoon, or night, to suit the convenience of the people. Every lecture will be intensely practical, interesting and instructive. They will be delivered by noted poultry experts from this and other states, and illustrated with lantern slides in most cases. The poultry board will be to great expense for these lectures, and they will not go to any town or county which does not manifest any interest in the matter, and which will not guarantee a good attendance at all meetings. So get busy in the interest of the Missouri hen and for more and better poultry in your county.

Poultry Show.

One of the most popular and best attractions at the street fair last week was the poultry exhibit, and in this connection we wish to say, now is the time to begin to get your birds ready for the coming annual poultry show to be held Dec. 17 to 21, next, at which the management have arranged to pay more liberal premiums than heretofore and in addition to all other premiums offered will offer three grand trophy silver cups, to be given to three different winners competing at said show. Every member of the association will have two chances of winning one of these cups, and if you are not a member you should become so at once. Membership fees and annual dues are 50 cents. This amount will pay fees and dues to December 1, 1912, which may be paid to E. L. Andrews, treasurer of the association.

Fair tonight, but frost likely tomorrow. Wind from the north. Everything will be in place that day.

GREAT WHEAT CROP

THIS YEAR'S CROP THE BIGGEST EVER IN NODAWAY COUNTY.

500 CARS ALREADY OUT

Estimated That \$500,000 Has Already Been Brought Into This County, and a Big Corn Crop is Left.

The greatest wheat crop ever in Nodaway county was the one this year, and it is estimated that 500 cars of wheat have been shipped from this county since the first part of July. A car of wheat will represent in value an average of \$1,000, and the farmers of this county have received, all told, \$500,000.

Half of this shipment of 500 cars, or 250 cars, have been shipped by H. F. Leet, Leet & Cook and James F. Cook of this city, and Leet & Wamsley of Arkoe. They are still shipping wheat and they are estimating that they will reach over the 300-car line.

One of the greatest troubles they are having now is to get the cars, as there is a shortage on all of the railroads, owing to the great crops.

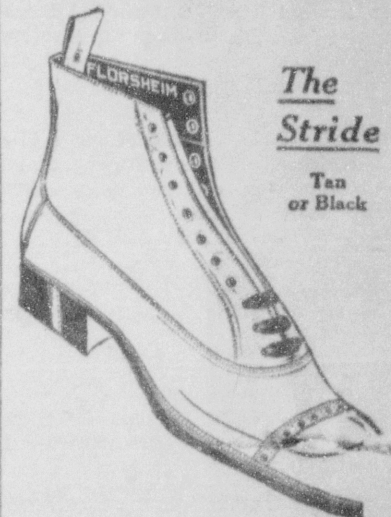

But, just think of it—500 cars of wheat shipped from this county since the first part of July, representing in value \$500,000. And still the farmers have their big corn crop left.

HERE FROM KANSAS CITY STAR.

Steve O'Grady, Editor of Missouri Notes in That Paper, Was in Maryville.

Steve O'Grady, editor of the Missouri notes in the Kansas City Star, which, by the way, are read with interest by the subscribers of that paper, was in Maryville Thursday and Friday. On Thursday Mr. O'Grady was taken to Elmo in a 1913 Overland automobile owned and driven by J. H. Swell of this city, and was accompanied by J. P. Hull and James Todd. The party left Mr. O'Grady at Elmo, where he was finding out details for a write-up of Joe Younger's affairs, and went on to Braddyville, where they attended the corn carnival in progress there.

Mrs. Joseph Dobbins and son of Arkoe were in Maryville Thursday.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Maryville People Appreciate This. Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They help sick kidneys. They relieve backache, kidney and bladder trouble. Here is Maryville evidence to prove it.

T. J. Clayton, carpenter, 308 South Dewey street, Maryville, Mo., says: "It is eight years since I procured Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store) and used them for kidney complaint. They gave me great relief and benefit and they have prevented any serious trouble since. Whenever I feel in need of a kidney medicine I take a few doses of Doan's Kidney Pills and quickly get relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Penelope club postponed its meeting altogether this week on account of the death of Rev. Dr. J. S. Ford. The club will meet again in two weeks with Mrs. J. E. Melvin.

Left for St. Joseph.

Mr. and Mrs. Paul Sawyers, who were married in this city on September 18, at the home of Mrs. Sawyers' parents, Mr. and Mrs. J. F. Roelofson, left for St. Joseph Thursday evening to establish their home in that city. They returned Wednesday morning from their honeymoon trip to Chicago.

Miss Grundy Hostess.

Miss Cleo Grundy, daughter of Mr. and Mrs. Felix Grundy, was hostess to the Jewel Art club Wednesday night. The usual business meeting was held, when the usual study in embroidery was taken up. This club accomplishes a certain amount of real work at each meeting. The hostess served refreshments at the close of the evening. There were two visitors, Miss Ruth Foster and Miss Marie Grundy. The club decided to hold its weekly meetings on Friday night, and the meeting next week will be held at the home of Mrs. W. M. Dempsey, when her granddaughter, Miss Hazel Gove, will be the hostess. The members are Miss Ola and Ora King, Doris and Mildred Cummings, Oma Robey, Mayne Tilson, Angie VanHorn, Hazel Gove, Maggie, Daisy and Dora Allen, Cleon Grundy.

Wedding of Shelman and O'Banion.

Mr. Orie Von Shelman and Miss Daisy Rosine O'Banion of Parnell were united in marriage at Maryville, September 25, by W. A. Conn. Those witnessing the ceremony were Mr. and Mrs. Elmer Shelman. They returned to the bride's home Wednesday evening and supper was served by Mrs. O'Banion and daughter, Orpha. The bride is the daughter of Mr. and Mrs. O'Banion, and the groom is a son of Mr. and Mrs. Charley Shelman. They are two of Parnell's most highly respected young people. The bride was gown in white silk messaline. The groom wore a blue serge suit. The parlor was beautifully decorated in pink and white. The wedding table also had a pretty bunch of flowers sitting in the center. On Thursday the happy couple took their place at the groom's home for an infatigable, served by the groom's mother and daughters, Florence and Bessie. Those present were Mr. and Mrs. Harley Burch, Mr. and Mrs. Volley Force, Floyd and Goldie Force, Mr. and Mrs. Thomas Rush, Cleo Rush, Mr. and Mrs. Elmer Shelman, Mr. Charley O'Banion, Mr. Arthur Hunt, Mr. and Mrs. Allen O'Banion, Misses Florence and Bessie Shelman.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapepsin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and cructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

LIFE PRESERVER UNDER COAT

Inventor Gives Test of His New Device in the Hudson River.

A new style of life preserver, designed for expert and amateur swimmers as well as for all manner of vessels, was tried out in the Hudson river off One Hundred and Fifty-fifth street the other day. The device was worn by its inventor, Nathan Martino, of 704 Ninth avenue. It consists of a rubber belt, with two sacks, or inflated balloons, just in front of the shoulders. Mr. Martino demonstrated that the life preserver can be worn when deflated underneath a bathing suit or any ordinary clothing, and inflated within a second's time by means of the tubes, which hang over the shoulder. If a swimmer is suddenly afflicted with cramps he could reach for the tubes, pump them in his mouth and inflate the bags before he could sink. This is what Mr. Martino said, and he demonstrated it by plunging into the Hudson river, where the water is 20 feet deep, inflated the device and floated about without effort. Two hundred bathers watched the demonstration.

The new life preserver is made of India rubber. The one used by Mr. Martino is the only one ever made, and cost ten dollars. Mr. Martino said that duplicates could be made for half that sum. He made the assertion that it will support a person weighing 300 pounds, and has the advantage over the ordinary cork life preserver that any one on board ship or swimming can wear one deflated, without its figuring as any addition to the ordinary clothing. Mr. Martino, who says he weighs 210 pounds and looks every pound of it, floated about in the waters of the Hudson without effort.

VACCINE FOR DOCTORS ONLY

KANSAS WILL SHIP NONE DIRECT TO FARMERS.

Horse Plague Preventive is Free, But Must be Administered Only by Veterinarians.

Topeka, Sept. 27.—The vaccine developed by the agricultural college to prevent the horse plague can only be administered by veterinarians. None will be shipped to the farmers directly. The vaccine will be furnished free by the state, but those who use it must pay the expense of an expert to administer it. That ruling has just been announced by J. H. Mercer, state live stock sanitary commissioner.

"The college has found the vaccine to be beneficial," said Mr. Mercer. "It is still in an experimental stage, but hundreds of requests are coming to this office and the college for it every day. The vaccine can be applied quickly and the horses of 20 or 30 farmers can be treated in a day if they are close together and the cost would be small if they join in a club, get the veterinarian and we will supply all the vaccine needed."

Medicines Cause Death.
Lincoln, Neb., Sept. 27.—That Nebraska and Kansas farmers have killed thousands of horses by drastic and improper efforts to save them from death by meningitis, is the opinion of Dr. H. H. Udall, Cornell university expert investigating conditions. He said:

"The disease paralyzes the throat muscles, and horses have been strangled with every imaginable concoction. In many cases this does have been the immediate cause of death."

Mrs. Hannah Garten went to Pickering Thursday to visit her son, J. S. Garten and family.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

SET OF WARE FREE

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

One Week Only
Sept. 30 to Oct. 5

SAVE \$8.00

A special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Special

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT.

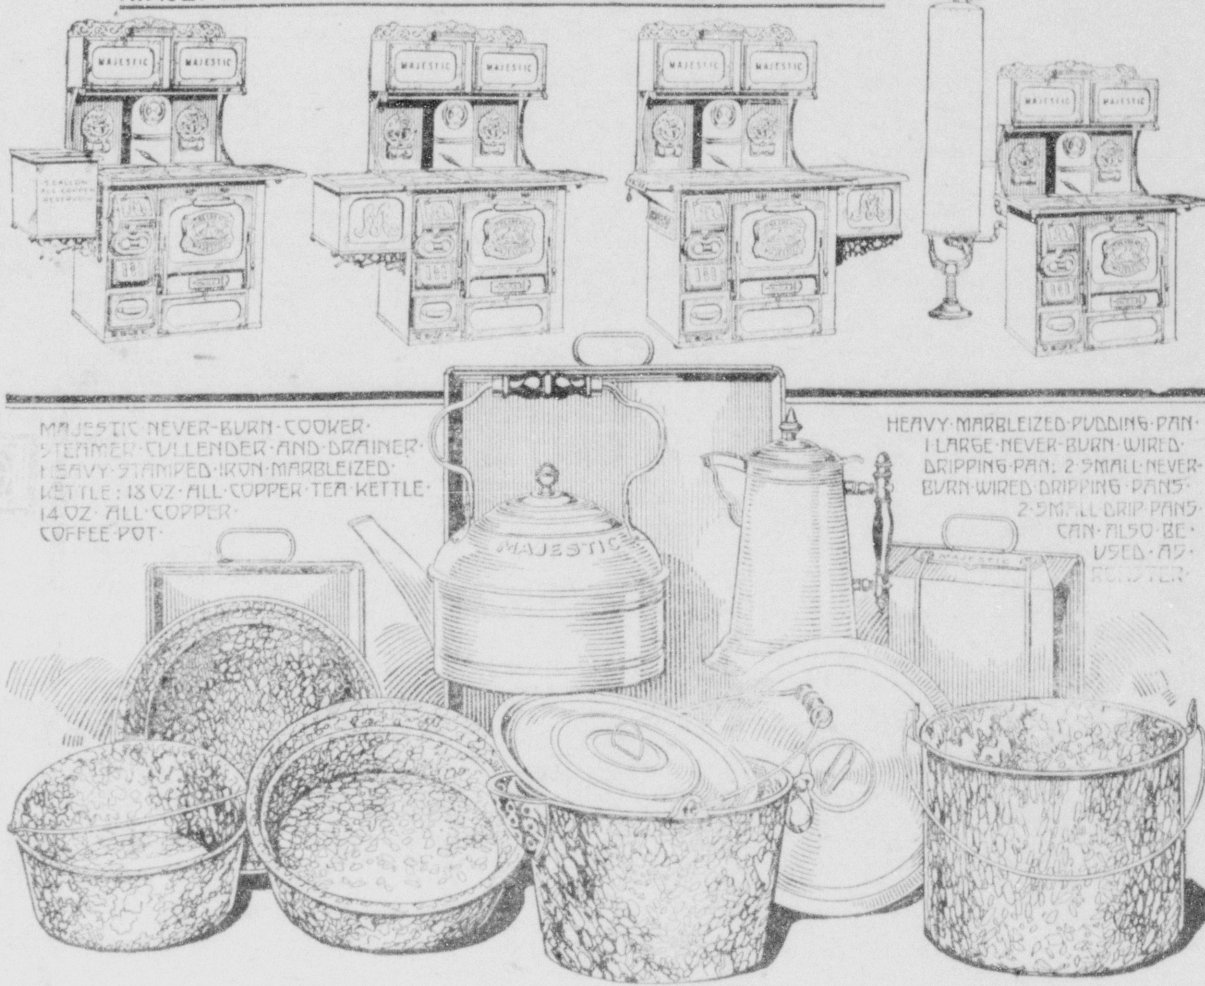

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

You make no mistake in buying the GREAT MAJESTIC—It's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically airtight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), heats fifteen gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

NEGRO HELD OUT AGAINST POSSE

Barricaded in House and Refuses to be Taken Alive.

CROWD IS AWAITING DAYLIGHT

Drug Crazed Black Stands Off Armed Men all Night—Street Car Service Stopped Because of Firing.

Louisville, Ky., Sept. 27.—Barricaded in his house in the crowded negro section, Ed Jackson, a drug crazed negro, for the greater part of the night has held 200 armed men at bay. One policeman who attempted to go into the house has been dangerously shot. The black has declared no one shall take him alive.

After the police and citizens had for two hours kept up almost a continuous fire into the house in an attempt to wound the man, it was ascertained that a negro woman and child were in there with him.

Firing ceased and the posse surrounding the house are waiting for daylight, when it is hoped the effects of the drug may have worn off and he will surrender.

Soon after entering Jackson fired into every street car that passed, and it was necessary to suspend service on that part of the street.

He got away from an officer early in the night when the officer attempted to arrest him on a charge of carrying concealed weapons.

NICARAGUAN LEADER GIVES UP

General Mena and 700 Followers Yield to Americans—Will be Exiled.

Panama, Sept. 27.—Gen. Luis Mena, the Nicaraguan rebel leader, has surrendered. It was not to the government commander that he yielded, but to the officer in charge of the American forces.

Though the situation was improved by Gen. Mena's surrender, other Central American countries seemed to have caught the revolutionary contagion. Reports from nearly all of them predict an early necessity of American intervention if widespread disorders are to be avoided.

Gen. Mena is to be sent to Panama under guard. American Minister Weitzel reported to the state department that Rear Admiral Southerland had accepted the surrender of Mena and 700 followers. His removal to Panama probably means exile.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

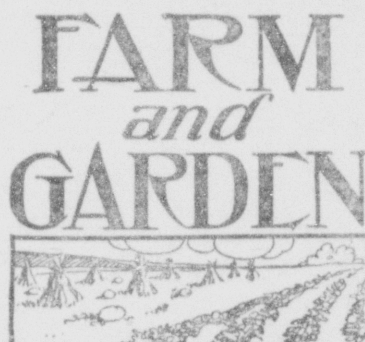

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of your hair.

Get a fifty cent bottle from your druggist today, a notice the difference in your hair after a few days' treatment. It will be refunded if not satisfied.

PREPARE FOR WINTER WHEAT

Grain Farmers Plow Immediately After Barley or Oats is Harvested—Prevent Evaporation.

Oats and barley stubble land intended for winter grain and to be seeded to grass should be plowed early and harrowed soon after plowing, so the ground can settle. Heavy land should be plowed with three horses. We use the sulky plow, set to cut an even furrow and a good depth. Harrow and roll before the plowed ground dries out. A fine, mellow top soil will prevent evaporation of moisture and it can be put in nice order for drilling with a second or third working with the spring-tooth harrow and roller, says a writer in the Baltimore American. Land plowed just before sowing is too spongy; it should be plowed at least two weeks before the rain is drilled. Expert grain farmers plow immediately after the barley or oats is harvested and then harrow and roll. When oats or barley precede a crop of winter wheat the land is much drier than a properly managed summer fallow, and if the season should be dry and hot it is difficult to get such land mellow and moist enough for germination of grain. If barnyard manure is to be spread over the field it will pay to hire a spreader for the manure can be spread so much better, as the spreader cuts the manure fine and spreads an even and a regular coat over the entire ground. Two active men with a two-horse spreader will haul and spread a large pile of manure in a day. The regular price for the use of a spreader is 50 cents per day. If a spreader cannot be had, haul and spread direct from wagon or cart. The manure spread one day should be harrowed into the ground the next; there is no loss of plant food from the manure drying out from action of sun and wind. Spread 12 two-horse wagon loads of rooted manure and drill the grain in with 250 pounds of a good animal bone fertilizer to the acre. The manure and fertilizer will give a larger yield of grain and a better quality of straw than either manure or fertilizer used alone.

Every Circuit Court Adjourns.

St. Louis, Sept. 27.—For the first time in Missouri during a session of the Missouri Bar association every circuit court in the state adjourned and will remain adjourned during the "free days" session of the association here. Fifty circuit judges will attend. Reforms in judicial procedure and recommendations for legislative amendment of the codes will be discussed.

"SYRUP OF FIGS" FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

BETTER THAN CASTER OIL, CALOMEL OR CATHARTICS TO CLEANSE YOUR STOMACH, LIVER AND 30 FEET OF BOWELS—HARMLESS LAXATIVE FOR MEN, WOMEN AND CHILDREN.

Primitive folks did not need laxatives. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little, eat little fruit, and our food is too fine—too rich.

We simply can't have our ten yards of bowels clogged up, liver choked with sour bile and stomach full of foul matter and feel well. It means that the food and waste retained in the stomach and thirty feet of bowels ferments—decays. The decay creates poisons, gases and acids, and those poisons are sucked into the blood through the very ducts intended to suck in the nutriment. Then we have sick headache, become dull, bilious, tongue coated, nervous, meals don't digest, and we feel miserable all over. So we must make our choice. We must live like primitive folks, else we must take artificial means to move the excess bile and waste matter out and out of the system.

The safest, most harmless and effective stomach, liver and bowel cleanser and regulator for men, women and children—is delicious Syrup of Figs, which doesn't irritate, gripe or weaken. Its effect is the effect of fruits. It is composed entirely of luscious figs, senna and aromatics. Don't think you are drugging yourself. Syrup of Figs can be constantly used without harm.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and see on the label that it is prepared by the California Fig Syrup Co. This is the only genuine—the old reliable. Refuse, with contempt, the so-called Fig Syrup imitations sometimes offered to deceive you.

FROST COVERED THREE STATES

Kansas, Iowa and Missouri Report Low Temperatures—Thick Ice at Emporia.

Emporia, Kan., Sept. 27.—Ice a quarter of an inch thick formed here in the night, with a heavy frost. The temperature dropped to 31 degrees.

Topeka, Sept. 27.—A heavy frost that killed the tenderest plants, but was not generally killing, covered practically all of Kansas. Low temperatures were reported from every weather station and the railroad reports showed frost generally except in the southeast section. South of the Santa Fe main line and west of Emporia the frost was light and did little damage.

Mason City, Ia., Sept. 27.—A hard frost here and the government thermometer registered 29. The corn was damaged.

Sedalia, Mo., Sept. 27.—Pettis county had its first frost of the season. The temperature at 5 o'clock in the morning was 37 degrees.

An Estate Farm for Sale

Consisting of 350 acres, located eight miles southwest of Maryville. All smooth prairie land, subject to cultivation, with the exception of 20 acres of timber land, all under same fence. An ideal stock farm. Within a half mile of farm a good school house. Well improved, large barn 60x80, hog houses, double corn cribs, good dwelling of six rooms, a good tenant 4-room house, one splendid well with windmill, one fountain or spring piped into cement tank. The farm lies in one body, but could be divided into three smaller farms to good advantage. Can be purchased for \$125 an acre if bought by December 1, 1912. Terms, cash.

Address all communications to Wm. Everhart, Maryville, Mo., or to Joseph Everhart, Pickering, Mo. JOSEPH AND WILLIAM EVERHART Executors of the Estate.

TO PRESERVE OLD LANDMARK

FAMOUS MISSOURI INN TO BE RE-DEDICATED.

Old Trails Association Will Make Tavern Point of Interest on Cross State Road.

Montgomery City, Mo., Sept. 27.—The Isaac Von Bibber tavern, "Louter Lick," at Mineola, famous in the state's early days, will be rededicated with Champ Clark, Gov. Hadley, ex-Gov. Folk and Walter Williams as speakers.

The Missouri Old Trails association is in charge of the affair and intends to make the ancient tavern one of the central points on the road again being picked out as it ran in the pioneer days.

A dinner for which 40 sheep have been barbecued, will be free to the guests, as will all the entertainment promised for the day. The D. A. R. are aiding in the celebration, seeking to preserve the tavern as one of the state's most historic places. Mr. Crane, the owner had considered replacing it with a large hotel, as it is close to the famous Mineola springs.

In this part of the state the story of the old tavern is known to everyone. For Isaac Von Bibber, who built the inn nearly 100 years ago, was host for Washington Irving, Nathan Boone, brother of Daniel Boone, and the distinguished men of the day.

To Hear Alaska Coal Cases.

Washington, Sept. 27.—Hearings on many cases involving valuable coal lands in Alaska will be held at the Seattle land office in October. They involve questions of prior agreements, alleged dummy entries and non-opening and non-development of coal mining lands. The cases eventually will reach the general land office here for final action.

Convict Shot to Death.

CAMPA ARRESTED AS TEST CASE?

Mexican Officials Charge Agreement With Orozco and Salazar.

TO TRY UNITED STATES COURT

Would Follow Should Government Refuse to Prosecute—Rebel Prisoner Severely Denounces Former Comrades.

Tucson, Ariz., Sept. 27.—General Pascual Orozco, Jr., has more than a million dollars in European banks as a result of his revolutionary activities, according to the statement just made by Gen. Emilio Campa, a rebel deserter. Gen. Inez Salazar also has amassed a fortune, according to Campa, who was severe in his denunciation of his former comrades-in-arms.

Campa denied that his arrest is the result of an agreement with Orozco and Salazar to provide a test case in the United States court, they to follow his example should the United States government refuse to prosecute or to allow Mexico to extradite him.

Mexican officials here declare they have positive knowledge of such an agreement.

Refuse Amnesty.

El Paso, Tex., Sept. 27.—"I would accept no amnesty if it removed the charge holding me in this jail and allowed me to go free, but with the obligation to refrain from fighting for Mexico," said Col. Pascual Orozco, Jr., father of the leader of the Mexican revolution in the north, in jail here on charges of murder, preferred by the Mexican government, with intent to extradite for trial in Mexico. Other revolutionists in jail here echoed his sentiments.

Col. Jose Cordova, Gen. Orozco's chief adviser and secretary, in jail on similar charge, said: "I would accept willingly an armistice permitting treaties of peace, but amnesty, no."

General Salazar Wounded.

Tucson, Ariz., Sept. 27.—Gen. Inez Salazar, suffering from a gunshot wound in his right shoulder now is in southern California, according to information which reached American and Mexican officials here. Salazar is said to have crossed the line in the vicinity of Douglas and then taken a train for Los Angeles. The El Tigre Mining company has recovered all but one bar of the silver bullion stolen by Salazar two weeks ago.

COURT BARRED AN OIL ATTORNEY

For Offensive Remarks, Standard's Representative Was Ejected and Hearing Delayed.

New York, Sept. 27.—Col. Robert W. Stewart, counsel for Standard Oil, was ruled out of the Standard-Waters-Pierce hearing. He made remarks which Commissioner Jacobs characterized as "offensive," and as there was no other man available the hearing went over until October 3. Samuel J. Minterman recalled Richard C. Veit for re-examination and Stewart objected.

Jacobs called Stewart's remarks "bullying" and ordered him to be "more gentlemanly."

"I understand that Commissioner Jacobs is unwilling to make any ruling that is unsatisfactory to Mr. Undermyer," said Stewart. It was announced that S. W. Fordyce of counsel for the Waters-Pierce company could go to Chicago to take testimony before the suit is finally called for trial in St. Louis.

STRUCK FOR LEADERS' RELEASE

Two Thousand Mill Hands at Lawrence, Mass., Quit—Police Dispersed Crowd.

Lawrence, Mass., Sept. 27.—Two thousand operatives in the Washington mill of the American Woolen company left their work as a protest against the confinement in jail of Joseph J. Etor and Arturo Giovannitti. The strikers and their sympathizers gathered in front of the mill. Police were sent to the scene. The strikers were informed that they must disperse and they left the mill section without showing any resistance.

Etor and Giovannitti, leaders of the Industrial Workers of the World are charged with being accessories to the murder of Anna Loizzo during the textile strike here last winter.

Seek Women Horse-thieves.

Muskogee, Ok., Sept. 27.—Laura Reeves was arrested and placed in jail at Wagoner, Ok., charged with being a member of a gang of women horse-thieves. Her arrest followed that of Della Wiley, who is believed to be the head of the organization. In the last year 26 horses have been stolen and none recovered. The officers are looking for two Indian girls believed to be members of the band.

Acquit a Kansas Postmaster.

Wichita, Kan., Sept. 27.—A federal court jury here acquitted Warren D. Vincent, former postmaster at Berdington, Kan., who was indicted on a charge of having stolen \$2,000 from a registered package. The evidence was circumstantial. Last March Vincent was tried but the jury disagreed.

TO INVESTIGATE PASTOR'S RECORD

Request for Transfer to New York Pulpit Results in Inquiry.

REFUSE TO DISCUSS CHARGES

Details of Complaints Made Against Coffeyville Minister Not Made Public—Will Be Given Hearing October 4.

Ottawa, Kan., Sept. 27.—Testimony which may result in charges against the Rev. Percival H. Barker, who recently resigned the pastorate of the First Presbyterian church at Coffeyville, will be heard at a meeting of the eastern Kansas Presbytery at Chanute October 4.

Mr. Barker's resignation was tendered to a committee composed of the Rev. H. Onsker of Fredonia, the Rev. Mr. Shaw of Parsons and the Rev. J. M. Douglas of Ottawa, which met in Coffeyville, and the possibility of charges first became known when they refused the pastor's request for a letter transferring him to a New York pulpit. The nature of the charges against Barker have not been made public, and none of the pastors composing the commission will discuss them.

Not Asked to Resign.

The investigation is under direction of the Rev. J. M. Douglas of the Presbyterian church of this city. Mr. Barker took charge of the Coffeyville church less than a year ago, coming from the Maywood Congregational church at Chicago, and this change of denominations, it is understood, brought about the present review of his record.

Mr. Barker was not asked to resign his Coffeyville pastorate. Mr. Douglas said: "There had been rumors of his misrepresenting the facts of his dismissal from the Chicago church, even before he handed up his resignation. We have not dismissed him, and may not do so. If we find that he deceived the presbytery and that he was not in good standing with the Congregational church when he left it, then his dismissal will be withheld. Thus far we have done nothing to sever his pastoral relation with the church. His former church standing is the matter we are investigating."

Married an Ottawa Girl.

When Barker was pastor of the Maywood Congregational church in Chicago, Miss Ruth Lawrence of Ottawa was a vocal student in that city and met the pastor. They were married a few weeks after he became pastor at Coffeyville. She is now at the home of her father, Dr. V. E. Lawrence, here. Her husband left Ottawa a week ago for Chicago.

On account of Mrs. Barker, who is ill, Mr. Douglas has endeavored to keep the matter of the investigation quiet, he said. He declined to enter into the details of the complaints he admitted had been made against Barker.

CHINAMAN TO RUN FOR CONGRESS

Charles H. Shue, Nominated in Massachusetts, Would Admit Chinese Women to America.

Boston, Sept. 28.—Charles H. Shue, the Chinese just nominated by the Republicans for congress obtained his nomination on a platform in which he inserted this personal plank:

"I pledge myself to do all that I can to have laws enacted which will admit Chinese women to this country without restriction."

He was born in Seattle of Chinese parents and is 30 years old. He has a wife and three children.

HOME RULE RIOTS WORRY KING

Increased Factional Fighting Viewed With Alarm—Unionist Leader Visits Balmoral.

Balmoral, Scotland, Sept. 27.—King George views with concern the situation in Ulster on account of the increasing factional fighting there.

The Unionist leader, Andrew Bonar Law, arrived at Balmoral as a guest and there is some inclination to connect his visit with the Irish question. It is, however, officially announced that Mr. Law has been invited here merely for the purpose of meeting the foreign minister, Sergius Sazonoff.

Harvesting Kafir Corn.

Cottonwood Falls, Kan., Sept. 27.—The Kafir corn crop is being harvested with a larger yield than last season. In the extensive Kafir corn section in the Prairie Hill and Homestead neighborhoods where Kafir is the main crop it is estimated that the average yield will be from 25 to 30 bushels per acre, while many bottom farms will bring a yield of 45 to 50 bushels.

Shot 200 Mutineers.

Wu Chang, China, Sept. 27.—More than 200 mutinous soldiers were shot without the formality of a court-martial by the loyal troops, commanded by Gen. Li Yuan Heng in consequence of the outbreak which occurred among the soldiers encamped outside the walls of this city Tuesday.
